Acme 50

design: Inscape Design Studio

Unmatched
flexibility,
undeniably
inspiring

A clean, seamless glass wall,
Acme 50 distinctly defines space while
maximizing daylight. Its slim profile and
steel construction allows for solid
architecture with a minimalist aesthetic.

Acme 50 has unlimited color options for
its frames so you can customize the best
solution for your space.

delight users

Build the wall you need to address acoustics, visibility, and aesthetic requirements. Help employees better manage their attention for focus work. Acme 50 has many acoustic options available including an STC tested rating of up to 40 with single glazing.

Boundless choice

Looking for a specific detail? Acme 50 offers a broad range of hardware and door options to meet your design vision.

Design for sustainability

Acme 50 is level® 3 certified and also Living Building Challenge compliant for spaces with rigorous environmental standards.

Acme 50 is made of steel, so the recycled content is extremely high (steel is 100% recyclable), contributing to LEED credits.
