

Aria

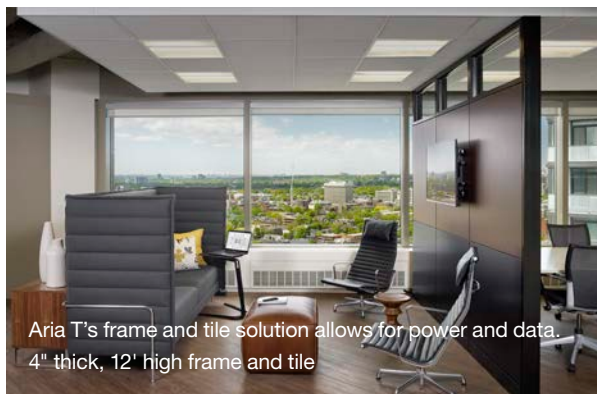

Inspired by a refined minimalism, **Aria** represents the evolution of the partition wall.

- Italian-designed, low-profile extruded aluminum frame.
- Available in natural anodized, matte black, and white finish.
- Design to suit your level of acoustic privacy: choose from single or double-glazed.
- STC rating up to 43.
- Integrated storage unites beauty and function.
- Play with patterns – combine solid and glass panels to create a beautiful, unique space.
- Dry butt glaze with PVC gasket (no silicone required).

Seamless connection

Glass connected vertically with aluminum profiles with variable, 3-way and 90° connection angles

Aria T's frame and tile solution allows for power and data.
4" thick, 12' high frame and tile
